MEET **TIM** JONES

WHEN YOUR PAYCHEQUE DEPENDS ON RESULTS, YOU LEARN TO WORK HARD.

For the past 25 years, I've owned, operated, built, bought, and sold businesses in our community. As an entrepreneur, I know wins and losses, perseverance and sweat. I believe a political candidate needs to understand (and feel) the risks of receiving reduced pay or no pay, layoffs, shutdowns, and performance-based salaries. That's why collecting a full paycheck, regardless of results, doesn't sit right with me. Demonstrating fiscal responsibility, while fostering community partnerships and investments, is something I feel is an opportunity and should be a priority in **Portland-Simonds**.

But that's not where my priorities end: education and healthcare are also key.

I care so deeply about education that I opened Atlantic Canada's first forest school, right here in Saint John.

And, having been a heart patient at our world-class hospital and having experienced the facility as a loved one to three family members who also underwent emergency surgery, I am forever indebted to this life-saving institution and will do whatever I can to ensure its sustainability.

As your representative in the New Brunswick Legislature, I will **listen** to what you have to say, and I'll put in the work to get things done. I'm not afraid to get my hands dirty in the process. (Fact: I own as many pairs of work boots as I do dress shoes.)

I invite you to learn more about me and my platform at **Tim-Jones.ca**

It's time to explore a new path forward. One that leads to opportunity and pride for all citizens.

Today is the day we vote for **change**. Thank you for your support.

WHAT DRIVES TIM

While I understand the need for income to thrive and contribute at home and in our communities, it's the work I've led as a volunteer that fills my bucket. I founded a not-for-profit called Hooked on Hockey that provides summer hockey programs for local children. As co-founder and president of the Randy Jones and Family Foundation (which operated over a five-year mandate), I helped send donations in excess of \$650,000 to the Saint John Regional Hospital Neonatal, Paediatric, and Juvenile Diabetes units. And, each year, we award \$40,000 in scholarships so that children from low-income families can attend our Forest School or summer camps. My mandate aligns with sharing, caring, and paying it forward—all for the greater good.

A man with short, graying hair and a light beard is smiling slightly. He is wearing a blue and white plaid button-down shirt over a dark t-shirt. He is standing outdoors in a grassy area with trees in the background. The lighting is soft, suggesting late afternoon or early morning.

GUIDED BY WISE WORDS FROM GRAMPY OLIVE:

“Tim, if you’re ever feeling down or need a little boost of self-esteem, just do something for someone with no expectations in return.”

Let's reimagine our **education** system.

My mandate is to bring awareness to the importance of raising the whole student... to combine education with strong mental health and wellness supports. The opportunity for our children to have more free play. To see students develop a love for school and a love for learning. To create an environment where every student feels better at the end of their school day. Sounds like a dream, eh? Well, I dream BIG!

A VOTE FOR **TIM** IS A VOTE FOR **EDUCATION**.

TIMSight #2

Keeping the care in **healthcare**.

Everyone deserves equal access to healthcare for mental and physical wellness. Especially now, when we're living with COVID-19 and all of the frightening challenges that can come along with it. Yet, the growing privatization of our essential healthcare services is divisive. It's putting our most vulnerable neighbours (low-income families and seniors) at a disadvantage. This can't keep happening. I have some ideas, and I'd also love to hear yours.

A VOTE FOR **TIM** IS A VOTE FOR **HEALTHCARE**.

TIMSight #3

Public safety needs our attention. Period.

Binding arbitration, including the ability-to-pay clause, is being reviewed by decision makers in New Brunswick. But there are three key groups that haven't been given a voice at that table: citizens, firefighters, and police. This is the type of decision that can not be made without sitting down and talking to those directly impacted by the outcome. Fair taxation is the answer. Please consider the true weight of this issue when you go to the polls.

A VOTE FOR TIM IS A VOTE FOR PUBLIC SAFETY.

HERE TO LISTEN

This is the time to **vote for change.**

There's one thing every citizen of voting age in Portland-Simonds is looking for in a political candidate. Regardless of industry, socio-economic status, educational background, sports team (sorry for your loss, Leafs fans), or political beliefs, what you want—and need—is a candidate that will **listen.**

This election isn't about me. And it's not about any of the other smiling faces you see on signs around the city. This election is about **you.**

And this is your **chance.**

“As your representative in the New Brunswick Legislature, I’ll **listen** to what you have to say, and I’ll put in the work to get things **done**.”
